Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

## Introduction

Hill Directory Co., Inc., publishers of the Staunton City Directory, present to subscribers and the general public this, the 1929 edition of the Staunton Directory (which also includes a list of Augusta County tax payers).

Confidence in the growth of Staunton's wealth, industry and population and in the advancement of its municipal and social activities will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting Staunton to the world.

The enviable place occupied by Hill's directories in offices, stores, libraries and homes throughout the country has been established by rendering the best in directory service. With an unrivaled organization having the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Staunton Directory will fulfill its mission as a source of authentic information pertaining to the city.

### POPULATION

The estimated population of Staunton is 14,020, based on the number of individuals' names in the alphabetical section of the directory, with due allowance for children and for women whose names are not listed separately from those of their husbands. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the directory.

### FOUR MAJOR DEPARTMENTS

The several essential departments are arranged in the following order:

**The Buyers' Guide**, pages 21 to 60, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Staunton. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best and as such merits a survey by all buyers anxious to familiarize themselves with sources of supply. The city's activities, in many interesting phases, are authentically pictured. In an ambitious and progressive community like Staunton, the necessity of having this kind of information immediately available is very great and frequently pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

**The Alphabetical List of Names** of residents, business firms and corporations is included in pages 61 to 268. (A new feature of this section is the inclusion of the wife's name in parenthesis following that of the husband.)

**The Street and Avenue Guide and Directory of Householders** covers pages 269 to 312. In this section the names of the streets and avenues are arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders and business concerns are placed opposite the numbers.

**The Classified Business Directory** is included in pages 313 to 380. This department lists the various manufacturing, mercantile and professional interests in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The directory is the common intermediary between buyer and seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

### MUNICIPAL PUBLICITY

The directory reflects the achievements and ambitions of the city, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site, and as an educational center. To broadcast this information the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Staunton, for business men everywhere realize that the city directory represents a community as it really is.

### THE STAUNTON DIRECTORY LIBRARY

Through the courtesy of the publishers of the Staunton City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce for free reference by the general public. This library is one of the system of more than 400 installed and operated in the chief cities of the United States and Canada under the supervision of the Association of North American Directory Publishers, of which Hill Directory Co., Inc., is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

**HILL DIRECTORY CO., INC.,**  
Publishers.

## Statistical Information

*Furnished by Chamber of Commerce*

Name of city—Staunton, Virginia.  
 Form of government—City Manager.  
 Population—Government estimate, 10,623; local estimate, 13,500.  
 White population of ages—Males, 3,135; females, 3,922.  
 Total colored population—1,774.  
 Number of all males is 4,770, and of all females is 5,853.  
 Native-born population is 98.6 per cent of whole population.  
 Predominating nationalities in city are native white.  
 Area—2.81 square miles.  
 Altitude—1,400 feet.  
 Average temperature—53. Rainfall—42.50.  
 Parks—2, with 160 acres, valued at \$134,000.00.  
 Assessed valuation—\$8,300,000.00, with 2.35 tax rate.  
 City's bonded debt is \$1,353,682.40.  
 Financial—6 banks, with total deposits of \$6,119,000.00; resources, \$8,591,000.00, and clearings of \$20,000,000.00 annually.  
 Post-office receipts of \$87,474.68, with \$3,118.67 in special deliveries.  
 Telephones in service—2,378.  
 Churches—18.  
 Building and construction—Value of building permits, \$409,176.00, with 65 new dwelling units constructed this year.  
 Real estate transfers total 185. Number of homes—2,450 (each apartment considered a home), with about 62 per cent owned by occupants.  
 Industry—Number of establishments, 31, employing 651 men and 600 women, paying wages \$905,000.00 annually, and having products valued at \$3,000,000.00 annually.  
 Trade—Territory (retail) serves 130,000 people within the trading area covering a radius of 25 miles. Jobbing territory serves 200,000 people within a radius of 40 miles.  
 Principal products—Furniture, men's garments, flour and dairy products.

Newspapers—2 dailies.

Hotels—There are 3 hotels, with total of 300 rooms. Newest hotel was built in 1925.

City served by 2 railroads, as follows: Chesapeake and Ohio, Baltimore and Ohio.

Amusements—There are 2 theatres, with a total seating capacity of 2,400 persons. Largest theatre or auditorium seats 1,250 persons.

Hospitals—1, with 60 beds.

Education—Number of schools, 12, including 5 high schools, 1 parochial and diocesan school. Number of pupils in public schools, 1,850; in private schools, 1,950. Total of all teachers is 262. Value of all school property, private and public, approximately \$2,563,000.00.

City statistics—Total street mileage, 38, with 28 miles paved and 1 mile under construction or ordered. Miles of gas mains laid, 18; of sewers, 15. Capacity of water works (municipal), daily average pump of 2,500,000 gallons, with 35 miles of mains and value of plant estimated at \$1,200,000.00. Fire department employs 16 men, with following equipment; 3 engines, 1 hose and chemical wagon, in 1 station house. Value of fire department with property is \$40,000.00. Police department has 13 men, with 1 station and 5 pieces of motor equipment.

## Staunton, Virginia

### IN THE HEART OF THE SHENANDOAH VALLEY

#### *Staunton Chamber of Commerce*

For the past decade the eyes of the nation have been fixed upon the great Shenandoah Valley of Virginia with ever-increasing interest. Beauty of scenery, historic background, and natural wonders have drawn their tens of thousands of visitors with the passing years, but the vast wilderness tracts of the Shenandoah National Forest Reservation in the Western Alleghanies and the primeval beauties of the proposed Shenandoah National Park in the Blue Ridge will draw their hundreds of thousands in the years to come.

Staunton, the county seat of Augusta County, situated among the fountains of the Shenandoah River, at the intersection of the Midland Trail and Lee Highway, and of the Chesapeake and Ohio and Baltimore and Ohio railways, with hard-surfaced roads and rail connections to the cardinal points of the compass, and lying midway between the great Federal park and forest projects, is easily the most important city within a radius of nearly a hundred miles of territory, contrasting the alluvial richness and productivity of its meadows and river bottoms with the rugged beauty of its mountain scenery.

As a little settlement on the outskirts of civilization, Staunton early attracted attention and attained importance far in excess of her size and population. Occupying a strategic position in relation to the larger cities of the East, bearing a proud history, identifying her with the records of the entire nation, endowed by nature with a delightful climate and unsurpassed mountain and valley scenery, with half a dozen of the greatest natural wonders of the world near her doors, it follows as a matter of course that Staunton should make her strongest appeal as a residential and educational center. Yet there is here an industrial stability, a financial strength and soundness that offer ever-increasing opportunity to those who seek the paths of commerce or the marts of trade, while the broad acres of Augusta

are ever beckoning to the agriculturist, the fruit grower, and the stock raiser.

Highly individualistic, esteemed for her hospitality in a notably hospitable State, Staunton presents both a friendly and a cultured atmosphere to the visitor; and the home-seeker, desiring a place to dwell in peace and comfort, to raise and educate his family, soon falls under her magic spell and remains to be numbered for the remainder of his years as an adopted son.

#### Population

Staunton has a population of some 12,500, while Augusta County, of which she is the county seat, has nearly 40,000 more. Over 99 per cent of this population is native-born American stock, including 13.2 per cent of the colored race. Illiteracy is at a low ebb and the problem of the unemployed is almost unknown here, most of the unskilled labor, as well as the skilled, being absorbed in the factories and industries of the community.

#### Historical

Augusta County, of which Staunton is the capital, is one of the largest and most productive counties in Virginia. Prior to 1784, when Virginia ceded the Northwest Territory from which later came the States of Ohio, Indiana, Illinois, Wisconsin and Michigan, Staunton was the seat of government of this vast empire which, according to the wording of the Virginia London Company's grant in 1609, reaches from the Atlantic Ocean 'west and southwest to the South Sea,' as the Pacific Ocean was then believed to be.

Staunton, founded by John Lewis and John Mackey, was named in honor of Lady Staunton, wife of Governor Gooch, and was chartered in 1749. The extent of the domain over which she reigned in early Colonial days may be gained from the fact that court was on one occasion adjourned at Staunton to meet at Fort Duquesne, or what is now the city of Pittsburgh, Pa. Early court records, the deed to the Northwest Territory signed by the chiefs of the "Five Nations of the North," and other important documents may be seen at the county clerk's office.

In 1781, when Colonel Tarleton, raiding toward Charlottesville, drove the Virginia Legislature across the Blue Ridge, they found a safe refuge in Staunton, holding their sessions for a time in old Trinity Episcopal Church, thus making Staunton the temporary capital of Virginia.

Next to Richmond, Staunton during the Civil War was the chief base of supply for the Army of Northern Virginia, and for Jackson's famous Valley campaign. It was twice occupied by Federal troops, but not until the latter part of the war. Near Staunton were invented the reaper and the sewing machine, and here Woodrow Wilson was born.

"The Staunton Plan," or City Manager form of municipal government, first saw the light of day in Staunton in 1908, and spread rapidly over the country.

### Religious

Here religious toleration found an early haven and has since endured. Religious zeal and the right to worship God according to one's own conscience were determining factors in the up-building of the community. While a number of creeds were represented by the early settlers, they adjusted their differences amid the common dangers of the wilderness and lived together in brotherly love and harmony. Seventeen handsome and flourishing Protestant churches now exist in Staunton—five Methodist, three Presbyterian, two Episcopal, four Baptist, one Lutheran, one United Brethren, and one Brethren, all united in the Staunton Ministerial Association, while there is also a Catholic church and a Jewish synagogue.

### Educational

Staunton is best known throughout America and abroad for her schools. City and county together have nine private educational institutions, one college for young women, and one State school. So high are the standards of all these schools that they have contributed largely in making the Shenandoah Valley nationally famous as an educational center.

The most widely known schools are the three military prep schools for boys, two prep schools for girls, one college for young ladies, and two business colleges. The public schools in both city and county are among the finest in the South. There are five private schools of music.

### Industrial

While Staunton has many prosperous industries, such as overall, men's wear, pennant and furniture factories, ice plants, cold storage plants, flour mills, and iron foundry, machine

shops, several of the largest garages in the State, ice cream plants, a fertilizer factory, horse and cattle markets, a brick plant, limestone and lime grinding plants, with talc and manganese mines nearby, its industrial development is just beginning to gain speed. Excellent opportunities are offered for lumber mills, textile plants, canneries, apple by-product plants, factories for farm implements, automobile accessories and the like.

### Agricultural

Staunton offers an excellent market and shipping point for grain, fruits, vegetables and other products raised on farms and gardens for miles around. Augusta and adjoining counties are primarily in the blue grass limestone section. Augusta alone has 3,759 farms with an average of 110 acres each, the total valuation of which is approximately \$50,000,000. The wheat crop averages \$2,500,000; corn, \$2,225,000; and hay, \$1,500,000 annually. A considerable amount of sawed timber, railroad ties and telegraph and telephone poles is shipped annually.

### Stock Raising

Augusta is the leading county in the State in beef cattle and horses and in live stock generally. It is first in wheat and hay, second in poultry, which is a fast-growing industry, and third in dairying, which is also making rapid strides. It has some of the finest herds of pure bred live stock in the East and offers great opportunities to all interested in any or all branches of stock raising.

### Fruit Growing

Augusta's apple industry is second only to Frederick County, in Virginia, and is rapidly increasing. There are approximately 15,000 acres in orchards, valued at over \$5,000,000. The average annual crop value, including peaches, pears, and small fruits and berries, is over \$1,500,000.

### Merchandizing

Staunton is the hub of a trading radius of some fifty miles, with a trading population of over 100,000 inhabitants. Her spacious and thoroughly modern stores of every kind, wholesale

and retail, are noted throughout the State. In addition to the general business, there is always a brisk trade in farm supplies.

### Hotels

The Stonewall Jackson Hotel, newly built at a cost of three-quarters of a million dollars, is one of the finest tourist hotels, in structure, appointments, and service, in the State, while first-class accommodations are furnished the general public at the Beverley, the Shenandoah, the Kalorama, and other modern hostleries.

### Clubs and Societies

Practically every nationally known fraternal or luncheon society has a chapter in Staunton. Here we have the Rotary Club, the Kiwanis Club, I. O. O. F., Masons, Junior O. U. A. M., W. O. W., K. of C., F. O. O., Knights of Pythias, T. P. A., Boy Scouts, Campfire Girls, and many like organizations.

### Y. M. C. A.

Staunton's \$100,000 Y. M. C. A. building, one of the finest in the State, was made possible by a generous contribution from the McCormick family of Chicago, as a memorial to Cyrus McCormick, inventor of the reaper. It also houses the public library and is the chief civic center.

### Theatres

Staunton has two legitimate theatres, two moving picture theatres, and three halls or auditoriums, with a total seating capacity of 4,000.

### Light, Power and Water

The city has its own light and power plant for municipal purposes, while gas and electric heat, light and power are available in ample quantity from two strong public service organizations. The city also owns its own water system, which was recently completed at a cost of over three-quarters of a million dollars. The source of supply of pure mountain soft water is the Allegheny Mountains, a distance of twenty miles from the city.

### Financial

Augusta County and city of Staunton have sixteen banks with total resources of \$12,564,760.00. The city government is financially sound and economically administered under the commission manager plan, which Staunton originated.

### Climate

Few people have ever visited this section at any time of the year without remarking upon its superb climate. The annual mean temperature is 53 degrees, while the average summer maximum is 83 degrees. The summers are never excessively hot, while the winters are mild, there seldom being more than six or eight weeks of bad weather, usually in January and February.

The annual rainfall is 42.50 inches, mostly in the spring and early summer, when needed for growing crops. The late summer and fall are usually dry. Prevailing winds are from the west. The elevation is 1,400 feet.

### Sports and Playgrounds.

Public tennis courts and children's playgrounds are maintained at Gypsy Hill Park, while the park itself is the chief municipal recreation ground, with summer concerts by the Stonewall Brigade Band.

There is also a public and a private baseball park, two golf clubs, and a new golf course is being constructed.

### Hunting and Fishing

Some of the finest quail, grouse and turkey shooting in the State may be found within an hour's motor ride of Staunton, while bear and deer abound in the Alleghanies. There is also good trout and bass fishing in season, and the Shenandoah Game and Game Fish Protective Association, with headquarters at Staunton, is actively engaged in a movement to conserve the supply of both fish and game.

### Proposed National Park

The proposed Shenandoah National Park, approved by the Federal Park Commission and a preliminary survey ordered by Congress, comprises the heart of the Blue Ridge Mountain range,

a strip running seventy-five miles from Front Royal at the north to Waynesboro on the south and averaging nine to twelve miles in width. It contains nearly 700,000 acres and holds within its boundaries all the beauties of the ancient wilderness. It is within easy reach by good roads of 40,000,000 people.

### National Forest Tracts

But a few years ago the Federal government started purchasing mountain land in the Alleghanies for the eastern forest reserve system, and in the Shenandoah National Forest Reservation now owns over 350,000 acres of wild mountain country, open in season to hunters, fishers and campers, and patrolled by forest agents and fire wardens. This tract, as well as the Massanutten and Natural Bridge tracts, is but a few miles from Staunton.

### Natural Wonders

Four great caverns, the Grottoes of the Shenandoah, Endless Caverns, the Shenandoah Caverns, and Luray Caverns, all famous the country over for the marvelous beauty of their underground glories, are within striking distance of Staunton; the great Cyclopean Towers are but sixteen miles distance, and Natural Bridge, unique in its kind of nature's handiwork, is only forty-eight miles.

# The Peoples Dime Savings Bank

"FRIEND BANK BOOK"

Gives a person the feeling that he will never need to become dependent;  
 can look forward to advancing years with no fear as to how he will live—in  
 short, it bolsters up a man's self-respect and eliminates one's cause for  
 worry.

Have you one of these books? If not, get one at THE PEOPLES DIME  
 SAVINGS BANK and "Make that Dollar Grow."

## Don't Use an Old Directory!

One address taken from an old Directory may send you  
 miles out of the way and waste a whole day's time.  
 You take pride in keeping a fresh stock of merchandise  
 on your shelves—

Why not avail yourself of fresh  
 information for your daily use?

## TRANSFER COMPANIES

## You an Advertiser

In this Directory profit by increased distribution which your  
 advertisements and Classified References receive through the  
 Directory Library Plan, which places this Directory through-  
 out the country to direct those seeking information. In other  
 words, it NATIONALIZES a service which formerly was only  
 local in its scope.

USE

## Hill's Directory Library

Chamber of Commerce, 101 West Frederick, R104

# Power of Advertising

The **City Directory** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase.

If your business is not classified properly and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

**Advertising** is the foundation upon which successful businesses are built. You must apply this to your own particular business.

**Advertising** is the power of an idea multiplied.

STAUNTON HOUSEHOLDERS' DIRECTORY (1929)

269

## HILL'S Staunton Street and Avenue Guide

... and ...

## Directory of Householders 1929

Copyright, 1929, by Hill Directory Co., Inc.

In the following list the streets are arranged in alphabetical order, the numerically named streets follow immediately the named streets in numerical order without regard to geographical location, then the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupant or householder. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession, business, etc., of individuals and firms are only given at their respective place of business. To find occupation of householders, refer to Alphabetical List of Names.

# Power of Advertising

The City Directory is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase.

If your business is not classified properly and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

Advertising is the foundation upon which successful businesses are built. You must apply this to your own particular business.

Advertising is the power of an idea multiplied.

## RATES UPON APPLICATION

No other service compares with City Directory service

## HILL DIRECTORY CO., Inc.

PUBLISHERS

8 North Sixth St. (4th floor)

RICHMOND, VA.

# This Publication Is The Product of a Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.
